ICSE - 93.3%

Skills

HTML

JAVA

C

C++

Visual Basic

Multii-Lingual

I can speak four languages which are English, Hindi, Bengali, and German.

Hobbies

Programming- I have been programming for a long time, past 9 years. The programming languages that I am familiar with are HTML, C, C++, QBASIC, JAVA, Visual Basic. I started my programming journey with JAVA(BlueJ).

Drawing- Artwork has always fascinated me. I have a lot of interest in drawing and sketching. I have received a lot of momentos for this work.

Cooking- One can be creative to any extent as per taste and available cooking ingredients. Interesting thing is, I can freely play around with living stuff like fresh vegetables, grains fruits, dairy products, etc. Cut, boil, mash or fry them, and still get applauded.

Chatting- It is more than just a hobby. Chatting is the activity that gives me the relief I want to post any work I do. So I love talking to different people
